

HOMEBASE

Electronic Decorating Voucher for social housing providers and your tenants

The quickest, easiest and most cost-effective way to get tenants into empty properties is to enable them to decorate for themselves. The simplest and most secure way to achieve this is with the Homebase Electronic Decorating Voucher.

Best for you...

Control

- Management reports highlight how much has been issued and spent against each voucher
- The vouchers can be expired if required
- The vouchers are redeemable only for decorating products

Savings

- Upfront (off invoice) discount, starting at 13% on all orders
- Blank vouchers can be ordered and issued as and when required, this reduces costly stockholding and cuts the cost of secure postage as values can be loaded to each voucher overnight

Security

- The high level of security built-in to the Homebase Electronic Decorating Voucher helps to ensure that it is redeemed only by the intended user for the intended purpose
- Electronic Decorating Vouchers have no fixed face value making them less likely to be resold
- The Vouchers can be immediately cancelled if lost or stolen

...and best for your tenants

Choice

- Homebase stores stock a vast range of competitively priced paints, wallpapers and other decorating products

Convenience

- Tenants can make a purchase from any of the 325 UK and Ireland Homebase stores at a time convenient to them. If delivery is required this can be arranged with their local store
